

## **Environmental Technician**

### **About LGL Limited**

Founded in 1971, LGL Limited is an employee-owned environmental research and consulting firm serving clients in Canada, the USA, and internationally. We have operated an office, laboratory, and warehouse in St. John's, NL, since 1979. LGL's client base spans industry, government, Indigenous groups, public corporations, academia, and non-governmental organizations. Our body of work, including peer-reviewed scientific publications, demonstrates our scientific competence in the field and office, our ability to evaluate the environmental impacts of human activities, advance scientific knowledge, and satisfy or exceed the requirements of our clients and regulators.

### **About the Role**

The Environmental Technician will be part of our Terrestrial Environmental team with project work for World Energy GH2 on the Port au Port Peninsula and Codroy/Anguille Mountains region, Newfoundland and Labrador. This part-time position will be focused on supporting bird and bat data collection related to WEGH2's Green Hydrogen Project Nujio'qonik. Work will include deployment, maintenance, and retrieval of scientific data collection equipment and assisting with field logistics, data collection, and data management as required. Members of Qalipu First Nation are encouraged to apply.

### **What You Will Bring**

- Post-secondary education in biological and/or environmental sciences at a technician level or higher
- Competence with field equipment and logistics
- Ability to work effectively in a team environment
- Familiarity with the Port-au-Port Peninsula and Codroy/Anguille Mountains region
- Ability to communicate reliably and work extended hours when required
- Outdoor skills, construction skills, trailer towing, and ATV experience considered an asset
- Ability to conduct fieldwork for periods of 2 weeks or more at a time
- Willingness to work in challenging outdoor environments
- Positive attitude and flexibility to go with the flow

## **What We Will Provide**

- A competitive salary
- Career growth through mentorship, structured and informal professional development, HSE training, technical training, and peer relationships
- A safe and respectful workplace

## **Additional Requirements**

- Eligibility to work in Canada
- Valid driver's license and clean driver's record
- Undergo drug and alcohol testing, medical, and physical as required
- This position is based in western Newfoundland, as a field position

## **Application Information**

If this dynamic opportunity within a successful, well-respected, and growing organization sounds like a great fit for you, please apply with your resume and cover letter to [spenney@lgl.com](mailto:spenney@lgl.com).
